Plasson Valves

10 and 12 Bar

High quality polypropylene valves adding to the range and versatility of Agfit™ and Plasson fittings.

QUICK COUPLING VALVE*

Ordering Code	Size mm
2712 (Used with 2713)	25 (1")

*10 Bar Rating

- instant on/off water supply valve
- compatible with Greenline, Redline™ and Novathene™ pipes
- ideal for wash down areas and filling spray tanks

RISER KEY*

Ordering Code

2713
(Used with 2712)

*10 Bar Rating

- bayonet type fitting used on end of hose to turn on Plasson quick coupling valves

VALVE*

Ordering Code	Size mm
2731	3/4"
2732	1"

*10 Bar Rating

- economical BSP female threaded valve
- small size and rugged polypropylene body make it ideal for use around the farm

COMPRESSION STOPCOCK*

Ordering Code	Size mm
2741.20	20mm
2741.25	25mm
2741.32	32mm

*12 Bar Rating

- direct connection to Greenline, Redline™, Blueline and 20mm and 25mm Novathene™ pipe
- no more leaking threaded joints
- cost effective – do away with threaded adapters, to connect valve to the pipe.
