

# Spike Razor Top fencing solution

**style : strength : quality : choice**

additional security for  
a safer environment

Spike Razor Top has been designed to Bulldog's specific requirements and provides a highly effective solution to the demands of increasing security levels.

- available in 800mm lengths - 3 required per 2400mm panel
- maximum visible deterrent
- easy to install

**economy**

**versatility**

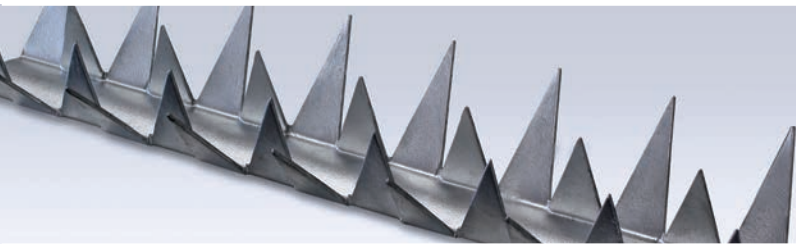

**durability**

Spike Razor Top can be added to any fence type providing it has a top rail.

With its curved base it is suited to pipe & mesh fencing or other structures.

Unlike 'spear' fences, the Spike Razor Top is a lot safer, although its aggressive looks make it far more effective in keeping intruders at bay.
