## PRO-FORM CONSTRUCTA-FILM MAX CONSTRUCTA-FILM BASE FILM

Traditional concrete formwork is still one of the most utilised forms of construction in the Pacific. When it comes to buying formwork plywood, individual needs vary from the price conscious to those looking for high performance. Rhino provides a comprehensive range of film faced plywoods to meet varying demands. Whether you are a basic DIY enthusiast or an experienced contractor, there is a Rhinoply product to meet your needs.

### PRO-FORM

Rhino's premier formwork plywood. Incorporating 'Pro-core' high density veneers and premium phenolic films PRO-FORM is your performance formwork solution

### CONSTRUCTA-FILM MAX

A performance formwork solution using our 'Max-core' selected hardwood veneers. CONSTRUCTA-FILM MAX provides a competitive solution for commercial requirements.

### CONSTRUCTA-FILM

A cost effective solution to your formwork needs. CONSTRUCTA-FILM uses high performance waterproof glue bonds and added veneers to provide added stiffness over BASE-FILM.

### BASE-FILM

When cost is crucial BASE-FILM is your solution. BASE-FILM utilises high performance waterproof glue bonds, in a formwork plywood that will meet your basic formwork needs.
